**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

There is so little competition in broadband consumers are being ripped off and manipulated by the providers. Internet access is beyond a luxury and is essential. As such the current market threatens students, those of who work from home and anyone that attempts to stay current in news, politics etc. AT&T & Verizon have their sights on allocating bandwidth to the highest bidders. Meaning the rest of us will be using the equivalent of modem speeds to do our jobs.

Do not allow the dismantling of the 1996 Telecommunications Act.

Thanks for your time.
